zation at the state convention of the or-  
der.

and Mrs. A. L. Averill of Tremont street  
have gone to East Montpelier to pass a  
week in the home of their brother, Wil-  
liam Gladding.

Austin O. Macneil, a former resident  
of Barre, who has been employed in a  
theatre in Syracuse, N. Y., arrived in the  
city yesterday for a visit with his brother,  
A. W. Macneil of Hill street, and  
other relatives. Mr. Macneil is in the  
draft quota which leaves Syracuse for a  
training camp later in the month.

The condition of Hector Farnham, the  
Montpelier young man who was removed  
to the City hospital as the result of an  
auto accident on the Williamstown road  
last Saturday night, is slowly improving.  
Joseph Laird, who received treatment at  
the hospital for a few days after the ac-  
cident, has returned to his home in Mont-  
pelier.

Geraldus A. Knapp, who was formerly  
employed for several years in local gar-  
ages, afterward going to St. Johnsbury,  
is stationed at Kelly field, San Antonio,  
Tex., and has been made a master  
trucks in the transportation service. At  
present he is giving instruction in road  
work. Mr. Knapp was one of five men  
in a class of 100 who were promoted to  
masters of trucks.

Depot square, always a prolific source  
of rumors, to-day gave up a well authen-  
ticated story that all suburban trains are  
to be removed from the M. & W. R. rail-  
road Monday, June 24. Officials of the  
road are quoted in connection with the  
report, and it is understood that the pas-  
senger station in the square will be  
closed, although the upper floor will be  
used for office purposes as in the past.

The order affects all passenger trains  
now running between Barre and Mont-  
pelier, so that traffic over the road will  
be confined entirely to freight. Railroad  
men say they have anticipated the move  
for some time, as it has been the policy  
of the government, since it took over the  
roads, to eliminate so far as possible  
parallel lines. Under the forthcoming  
order, passengers on the M. & W. R. are  
bound for Barre will have to transfer  
to the Central Vermont train at the M.  
& W. R. station in Montpelier. Likewise  
Boston papers, now arriving around 12  
o'clock, will be transferred to the Central  
Vermont train which reaches here at  
1:20 p. m. And commuters will have to  
patronize the C. V. and the traction  
roads.

Arrangements have been completed by  
the Barre Athletic club for playing a  
Sunday baseball game next Sunday,  
when they are to play the signal corps  
team from Burlington, the proceeds of  
the game to be donated to the local  
branch of the Red Cross society. The  
game will be played at the inter-city  
park, and if present plans are material-  
ized, a former Spaulding hurler,  
will pitch for the Barre team, while  
Fowle will be on the receiving line. Mc-  
Niff, a former Washington American  
player, who is in charge of the recruiting  
station at Montpelier, is expected to ap-  
pear in a Barre uniform, he being slated  
to cover one of the outer gardens. Palm-  
er, the former University of Vermont  
hurler, has been secured to pitch for the  
Burlington team, so one of the fastest  
and best games of the season is expected.

Two North Main street business men  
and a Depot square granite manufacturer  
were the principals in a fishing expedi-  
tion Wednesday which promised for a  
time to end with rather barrowing re-  
sults. A. A. Lamorey and G. E. Bond  
were invited by an acquaintance to ac-  
company him to Grotton pond in his au-  
tomobile. On the edge of the dense un-  
dergrowth which borders the pond, the  
three men, each armed with nothing more  
dangerous than a fish rod, arranged to  
meet at a certain spot in the late after-  
noon. Then they separated. It was  
nearly dusk when Messrs. Bond and La-  
morey, coming from opposite directions,  
met at the appointed place, but the man  
with the motor car was missing. Ensnared  
a determined inquiry throughout the  
length and breadth of a sparsely inhab-  
ited neighborhood, and in the gathering  
gloom the two fishermen encountered a  
man who said that the third member of  
the party had tired of waiting for them  
and had gone home. Without means of  
locomotion other than shank's mare, the  
fishermen then made shift to negotiate  
for transportation home. They succeeded  
finally, but their temper did not im-  
prove as the night wore on, and even now  
they look upon the incident as something  
more than a grim joke.

Towels save washing, as they  
are to be thrown away as soon  
as used. The price is so very  
low that all users of automob-  
iles should have a dozen or so  
of these Towels in the machine  
all the time. They will come in  
very handy. You will want  
more. We cannot get more at

### White Wash Skirts

Wash Skirts are now in good  
demand. This bids fair to be  
the greatest White Wash Skirt  
season that we have ever seen.  
The price of woollens makes  
the demand for cottons great-  
er than ever before.

Then you will find that the  
price of the cotton skirt has  
advanced but a very little from  
the past season, and the quali-  
ties of materials are fully as  
good as in past seasons.

White Piques and Bedford  
Cords are very good this sea-  
son. These are cloths that  
wear well and always do up to  
look like new.

We have some especially  
good values in these Skirts at  
\$2.00, \$2.50, \$3.00 and \$3.75.  
These are a fine quality ma-  
terial, made up in the season's  
best Wash Skirt styles. All  
cloths are shrunk before they  
are made.

In the better grades, such as  
the Printzess and Wooltex  
Pre-Shrunk Skirts, we can  
give you some exceptional  
styles and values.
